Sold by all druggists or by mail, C. F. Root Co., Lowell, Mass. 12 Made by Root's Food.

EXPRESS RATES REDUCED.

An Order by the New Hampshire Commission.

Manchester, N. H., May 14.—A reduction in the minimum rate charged by the American Express company for carrying small packages within New Hampshire was ordered by the New Hampshire railroad commission yesterday, in response to a petition presented by the New Hampshire state board of trade and a number of subordinate boards of trade. The rate is ordered reduced, on and after June 1 next, from 25 to 15 cents, the rate which prevailed up to two years ago. The matter has been pending before the railroad commission for several months and a number of hearings were held at which counsel for the petitioners and for the express company presented their respective sides of the controversy. The commission sustains the charges of the petitioners that the 25-cent minimum rate is excessive and exorbitant. The ruling applies only to packages shipped within the state and does not affect the rates on shipments between New Hampshire and any other state.

ROOSEVELT TO BREAK CAMP.

Goes Tomorrow to McMillan's Ranch.

Nairobi, British East Africa, May 14.—Theodore Roosevelt's hunting trip continues to be successful. Dr. Roosevelt yesterday visited the American mission at Machakos. The entire party will break camp near Machakos today and move to the Ju Ja ranch of George MacMillan. All the members of the expedition are well.

The American mission referred to in the above despatch is maintained by the Africa Inland Mission. The station is in charge of Mr. and Mrs. Charles F. Johnson. The object of the work is the evangelization of the interior tribes. George MacMillan, the proprietor of Ju Ja ranch, is a nephew of the late Senator MacMillan of Michigan. The ranch is southeast of Nairobi, and will be the headquarters for the expedition for the second fortnight's hunting. The first fortnight was spent on the ranch of Sir Alfred Pease on the Athi River.

HASKELL'S ALLEGED DUMMIES.

They Are to Testify in the Land Fraud Trial.

Tulsa, Okla., May 14.—A number of witnesses from Hastings, Mich., arrived here yesterday to testify before the federal grand jury that is now investigating the Muskogee town lot frauds. It is alleged they were used as "dummies" by others to secure land fraudulently.

SURE CATARRH CURE

Brings The Forests of Pine and Eucalyptus to Your Home.

Germans cannot live when Hyomei (pronounced High-o-mey) is used. You just breathe in this soothing yet most powerful antiseptic air and relief is immediate. It is exactly the same air as you would breathe in the forests of pine and eucalyptus of Australia where catarrh or consumption was never known to exist. If you have catarrh and are constantly embarrassed because you must hawk, spit and snuffle, surely you will give Hyomei the attention it deserves, when The Red Cross Pharmacy will guarantee this pleasant remedy to cure all this distress and humiliation, or will return your money.

Hyomei kills catarrh germs, it relieves the soreness and distress in five minutes. It stops hawking and snuffling and makes you feel like a new man in a week. It is the surest and most satisfactory catarrh treatment known and gives comfort and relief to consumptives.

A complete outfit, including labeler, costs but \$1.00, and extra bottles, if afterward needed, cost but 50c. A few minutes' time each day is all you need to quickly cure the most chronic case. Hyomei is sold by leading druggists.

We have in stock at Barre and South Ryegate, Vt., 1 single phase 2 h. p. general electric motor and 1 three phase 15 h. p. general electric motor. The 2 h. p. motor has been run one year and the 15 h. p. is new. Price can be had by writing or calling at

OLD CY WAS
A BIG MARK

Former Teammates Batted the Veteran Hard

FIVE RUNS IN ONE INNING

Cleveland Couldn't Bat Morgan and Lost the Game to the Red Sox by the Score of 5 to 1—Doves Beat Cincinnati.

Cleveland, May 14.—Old Cy Young couldn't hold his former teammates in check yesterday afternoon and the Red Sox won about as they pleased by the score of 5 to 1, since Cleveland couldn't do anything with Morgan. The visitors played an errorless game, while Cleveland made three mistakes.

Although Boston had been sprinkling in the hits they did not really "find" Young until the eighth inning when seven safe runs, including bunts and long hits gave them five runs and put the game beyond reach of the locals. The four hits off Morgan didn't amount to anything except in the eighth inning when Bradley's triple followed Birmingham's single, after Young and Raftery had fanned, giving Cleveland their only score.

McConnell's single, Hinchman's error on Lord, an out and Hooper's single gave Boston their first tally in the first inning. Lord's single, an out and Stahl's single gave them another in the third. The eighth was a picnic, McConnell, Hooper and Wagner made safe infield hits, while Speaker, Stahl, Niles and Carrigan hit out for safe runs, the altogether being five tallies. In the ninth Speaker's single, Hooper's safe bunt, an out, a pass to Jones and Wagner's infield hit gave the visitors their eighth tally.

These were by innings:

Boston . . . 1 0 1 0 0 0 5 1—5 11 0
Cleveland . . 0 0 0 0 0 0 1 0—1 4 3

CONVENTION CLOSED.

G. A. R. and Affiliated Societies Leave Burlington.

Burlington, May 14.—The annual meeting of the state encampment of the Vermont department, Grand Army of the Republic, and affiliated bodies, one of the most successful ever held, closed yesterday morning with the final session of the state Woman's Relief Corps.

Yesterday morning the following appointive officers were announced: Secretary, Louis Holman, of Randolph; counselor, Nellie M. Sawyer, of St. Johnsbury; inspector, Ella Roberts, of Montpelier; patriotic inspector, Mary G. Beckwith, of Ludlow.

The corps presented the Grand Army encampment with \$100.

The report of the secretary, Mrs. Sarah F. Hovey, showed that the present membership of the Woman's Relief Corps of Vermont is \$220, a small gain over the previous year. The number of corps is 6 and the net gain of members is 54. The total amount of expended for relief was \$9,158.90, and the number of soldiers assisted was 315. The total number of persons assisted was \$1,269. The current expense of the department was \$1,566.30.

JAPANESE SEALER WARNED.

It Was Found Within the Restricted Limits.

Seattle, Wash., May 14.—A cable dispatch from Cordova says that while en route from Juanan to Cordova on the steamer Portland, J. R. Willis, collector of customs for Alaska warned a Japanese sealing schooner to leave the restricted fishing limits. The sealer was sighted at Yakutat Bay. Collector Willis boarded the vessel and found it to be the Nuet Maru with a crew of thirty-six men. The captain claimed that he had put in for water, but sealing implements were found on board and he was given six hours to put to sea under penalty of seizure.

Don't Scratch.

Just apply Hill's S. R. & S. Ointment. Gives quick relief and a sure cure. 25c. At D. F. Davis.

WILLIAM'S KIDNEY PILLS.

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pain in the back, aching joints and a bad headache? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you, at drug stores. Price 50c. Williams' Medical Co., Prop., Cleveland, O. Sold by C. H. Kendrick & Co., Barre, Vt.

THE MATTER of LOOKS

It's a perfectly natural thing for a man to consider how he looks to other people—women especially have a good deal of influence on the kind of clothes a man wears.

If you care about it wear Hart, Shaffner & Marx clothes and be sure that your appearance will be always right. We have these clothes—they're made specially for us and for you.

You really can't afford, if you intend to go where clothes count for anything, to wear anything less stylish or less correctly made than these clothes of ours.

You'll look right to your friends in our clothes—and what's more important, you'll look and feel right to yourself.

Come in tomorrow and let us show you some Hart, Shaffner & Marx Suits for \$18 to \$27.50, and Overcoats from \$15 to \$25.

We can show you other models of Suits and Overcoats, which will make you look right too, as low as \$10.

NEW TURN
ON TARIFF

Progress Made Towards Revision Downward

SENATOR ALDRICH AGREES

To Make Some Concessions—Test Vote on Lead Schedule Not Decisive—Insurgents Say They Could Have Won If Desired.

Washington, May 14.—A significant change in the tariff situation has taken place within the last forty-eight hours, according to senators who are fighting for downward revision, and facts have developed tending to confirm their statements. The vote of 35 to 44 whereby the reduction of the duty on pig lead was refused, was taken to be a sharp defeat for the so-called "progressives," but according to their version it was not.

They say now that they had votes enough to defeat the finance committee, but that they did not count to throw the whole situation into confusion by overthrowing the committee at the outset. They went to Senator Aldrich, however, and told him that the time had come for him to call a halt. "We stood by you on this test," they said, "but we cannot stand by you on all the increases you have made. If you want our continued support, you must make concessions." It was pointed out also that no credit could be taken by the Republican party for reductions secured only with the aid of Democrats. It was following this talk that Aldrich called the insurgents into conference Wednesday and told them he was willing to rewrite the glass schedule. It is also understood in Washington that as a result of the influence of President Taft, Mr. Aldrich eventually will consent to free oil, hides, iron ore, scrap iron and coal, although most of these items may bear a duty when they leave the Senate chamber.

The president is not expected to veto the tariff bill, but rather will follow the plan so successfully pursued by W. Murray Crane while governor of Massachusetts, of sending for the leaders during the last stages of the bill and suggesting changes which will bring the measure into line with his ideas. The concessions which Aldrich is willing to hand out to the insurgents may look better on paper than they work out in actual reductions of duty, but the insurgents, while keeping up their fight individually on many things and collectively on certain items, may have a great deal of time under the new arrangement. Vice-President Sherman's suggestion that he expects Congress to sit into August has had an electrical effect, and may prevent that result.

An Appeal for Free Iron Ore.

The iron and steel industry east of the Allegheny mountains in this country

is doomed to extinction unless free iron ore can be had from abroad—from Cuba and Spain.

That is the ultimatum laid down as a solemn warning to the Senate by Senators Rayner and Smith of Maryland, in stirring speeches for free ore yesterday.

"The steel manufacture west of the mountains," declared Senator Rayner vigorously, "is so much closer to the ore supplies of the upper lake country, and has the benefit of water transportation, he will have all the steel manufacturing moved west of those mountains in a few years unless we let in the cheap ores of other countries for the benefit of the Eastern manufacturers."

Senator Rayner urged Eastern protectionists to understand this situation in its real aspects; not to be blinded by their great devotion to protection in general, so that they will overlook that great interests in their home states are gravely menaced. He presented numerous resolutions, etc., from the commercial bodies of his state, which he said all demanded free iron ore. He was asked if these were any more honest than the expressions of the witnesses before the finance committee.

"Certainly," he replied, "these commercial bodies have a general and public interest, not a personal interest in profits. They have not, for instance, the interest of the United States steel corporation."

"Does the senator mean to say that all the tariff witnesses are liars?" mildly asked Senator Dick.

"Possibly not quite so strong as that; but if I were trying this tariff bill in a court of law, I would impeach and disqualify all the witnesses that are brought here in its favor."

Senator Nelson of Minnesota, saying that his state produces half the iron ore of the country, declared it wanted no protection; it doesn't need it, and is for free iron.

BASE BALL HEALTHY SPORT.

Given Sanction of Playground Association.

Pittsburg, May 14.—That baseball is a healthy sport for boys and should be encouraged on the public playgrounds, was the decision of the Playground Association of America at yesterday's session of its third annual congress. During the discussion of the report of the committee on athletics for boys, a question was raised as to baseball. It was held by some that boys were permitted to begin the game too early and by others that it took up too much room on the playgrounds. "Why not play prisoners' base," asked one. Another suggested interesting the very young boys in "hide and seek," while others advocated "skippy." Many were advocates of a new national game to take the place of baseball, but the vote disclosed a large majority for the present national game. Athletics for girls were also discussed. Several addresses were delivered last night by delegates attending the congress.

TEXAS BANK LAW.

Best Deposit Guarantee Measure, Campbell Tells Bryan.

Dallas, Tex., May 14.—Gov. Campbell Wednesday night signed the bank deposit guarantee bill passed on Tuesday by the Texas legislature. He telegraphed to William Jennings Bryan that Texas now had one of the best bank deposit guarantee laws in the country. The new law contains both mutual guarantee and security bond features. It goes into effect on Aug. 9, but does not become operative on banks until Jan. 1, 1910. State banks have until Oct. 1, 1909, to decide which feature each bank will adopt.

DOCTORS URGE GENERAL
REMOVAL OF TONSILS

Would Aid in Preventing Tuberculosis. Are Useful, Anyway.

Chicago, May 14.—The cutting out of the tonsils from the throats of everyone subject to tuberculosis is advocated by physicians attending the fifty-fourth annual convention of the Illinois Homeopathic Medical association.

Tonsils clearly had no friends among the assembled physicians. One described them as "things good for breeding microbes." Another declared that no use for them has ever been found and the agreement was general that their removal checked incipient tuberculosis. "Twelve per cent of the children examined recently," said Dr. Richard H. Street, "were found infected with incipient tuberculosis. When the tonsils of these children were removed there was complete recovery."

Dr. Burton Hazeltine, secretary of the association, expressed his approval of the indictment of tonsils. He added that medical men have been unable to find a reason for the existence of tonsils and have decided that they are a "vestigial organ like the appendix, of a lower form of life."

"It is probable," he continued, "that they had some use in some previous stage of animal life, but we are unable to discover what that use was."

BUSINESS OUTLOOK GOOD.

James J. Hill Says Tariff Talk Checks Prosperity.

Washington, May 14.—James J. Hill, chairman of the board of directors of the Great Northern railroad, called on President Taft yesterday. He expressed the belief that if the tariff agitation was cut off short, that if the oratorical steam in Congress was shut off, the country would begin a great era of prosperity at an early date. "All eyes are turned on Washington," said Mr. Hill. "Some people seem to think that legislation will cure the toothache, set a broken limb, or make crops. Talk and agitation here in Washington keep people in suspense, make them forget their business and hope for some legislative cure-all. What we want is to have the tariff agitation over with and let the people get back to work and aid the great wheels of progress to turn. Then things will begin to hum. The outlook is good in all directions."

Mr. Hill was asked what he thought

of the outlook as to stocks and bonds in New York. "The millions of the people of the country," he replied, "are not bothering about stocks or bonds. What we must look to now are the crops. The wheat outlook is good. I do not think there will be a heavy crop, however, as the acreage was cut down by late snows during the ploughing season. The quality of wheat, I believe, is good."

Don't Wait Till Night

The moment you need help, take a candy Cascaret. Then headaches vanish, dullness disappears. The results are natural, gentle, prompt. No harsher physic does more good, and all harsh physics injure.
